East Grampians
Health Service

the Health Service of choice

The East Grampians Health Service
Building For The Future Foundation
is a charitable Trust established in 2010 with
the purpose of providing funding for special
purpose projects and equipment for East
Grampians Health Service.

The Trust is governed by five independent local Trustees who manage the Trust's assets and the distribution of funding for the sole benefit of the Health Service.

The fund allocations take into account the wishes expressed by the East Grampians Health Service Board of Management and with the intention of ensuring that the Health Service remains at the forefront in the provision of health care and services in the region.

Your donation, or a bequest in your Will, will assist in ensuring that the Foundation can provide a lasting legacy to the communities and residents of Ararat and surrounding districts.

I would like to make a donation to the
